Microsoft customer support chat live Activation of OS using “Keys” created by Microsoft. Windows Genuine Advantage is installed as default on every windows compatible machine. Windows genuine is used to activate windows Operating System without using license key. Microsoft gives 30 day period in which they offer valid license keys for windows activation. After this 30 days period they send one type of message to the registered email ID with their license key. If the customer has subscribed to the automatic activation service, Windows 10 activation request will be sent to Microsoft without manually activating windows. Product registration Windows 7/8/8.1/10/8.1 Pro compatible DVD with Windows 7, Windows 8, Windows 8.1, Windows 10 or Windows 8.1 Pro is required. During registration process a serial number is requested. This serial number is based on your own computer and will be unique for your computer. This number is what is used for activation of your computer. We recommend that you also provide proof of purchase. You can enter the serial number and document type of your CD/DVD and provide a URL to a website or a PDF of your receipt to prove that you are the owner of the license. Windows Genuine Advantage Windows 7 Genuine is an automated way to keep your Windows 7 license valid. This kind of Microsoft Office will be installed automatically on your computer. You don't need to pay any activation fee for your product. If any computer with the Windows 7 version is not activated you will receive a message that your license was not activated or expired. System requirements Minimum system requirements for activation of Windows 7 Internet Explorer Version 6.0 or later. Microsoft.NET Framework Version 2.0 or later. Any computer that will be used to activate the product. How to activate windows 7 genuine? You can activate windows 7 genuine using Activationkey or using e-mail to Microsoft account. You can activate any machine with windows 7 genuine with a computer with Internet connection. You can use it on a notebook, desktop or Laptop. Internet connection is a requirement. Choose option 1 to activate your windows using license key. Option 2 is designed to activate your computer with e-mail (activation of windows 7 genuine without license key). Option 1: Using License Key Step 1: Once you have paid for a Windows 7,
