
● Automatic backups of all data and settings to the computer. ● Tasks can be scheduled to be performed daily, weekly, monthly or yearly. ● Tasks can be set to run only on startup, resume when Windows restarts or when a power failure occurs. ● Automatic Restore of data and settings to original locations after backup. ● Automatically shutdown computer when the task completes. ● User definable schedule for backup, including days, hours, minutes, seconds and milliseconds. User configuration ● What data to be backed up? ● For what files and folders to be backed up? ● For how long (in days, weeks, months, or years) to be backed up? ● What is the backup media? e.g. Disk, tape, USB memory stick, For all configurations, there is the possibility of password protection. If there is no space available for backup on the media, a popup message will be shown to confirm the need for replacement of media or addition of more storage. ○ The desktop and program files can be backed up. ● Data and settings that can be backed up are: ○ Folder and file names ○ Content of files including image, audio, video, text ○ Properties of folders, including its date/time stamp ○ The permissions, ownership and access to files and folders ● A flexible set of compression is available. ○ If you have a need of compressed data, you can compress the data in various ways. ○ You can define compression level according to different circumstances. For example, small files can be compressed with a slower, but smaller, compression while large files need a larger, but faster compression. ● You can define paths for location to save the backed up data. You can choose to backup the data to the following paths: ○ User profile folder: e.g. "C:\Users" or "C:\Documents and Settings". ○ Windows folders: e.g. "C:\Program Files\", "C:\Program Files (x86)\", "C:\Program Files (x86)\ProgramData\" or "C:\ProgramData (x86)\", "C:\ProgramData (x86)\ProgramData\" ○ Windows system folders: e.g. "C:\Windows\" or "C:\Windows (x86)\", "C:\Windows (x86)\ProgramData\" ● You can choose 70238732e0
