In the Box

PrintPen vs Desktop Coffee Printers

Choose the perfect tool for your café's creative needs

Note: ① shows PrintPen's printing range, ② shows PRO's printing range, and ③ shows FC1's printing range

Which One Should You Choose?

Desktop Coffee Printer is the superior choice for busy cafés and restaurants that want to offer interactive customer experiences with professional-quality designs.

PrintPen works best for establishments that occasionally need to add small decorative elements to their beverages.

Wonder tool

Ordered it, waited a week, and it finally arrived! This is an awesome tool for my bistro – perfect for printing on sandwiches and coffee. Sending love from Winnipeg, Canada!

Fun and Easy to Use

Surprisingly easy to use and works just as described. I've tried it on cookies and coffee foam and it prints clearly. Fun little gadget that does what it promises.

Cool, but the App Needs Improvement

This is a neat idea. It is basically an inkjet pen! It does indeed work. You can see in my video that the pen wasn't centered on the guide properly, which was a user error. However, it did print the image on the piece of bread! I would practice before... More

Producto perfecto

No me di cuenta de que el envío desde China era tan rápido, este printpen funciona bien, la tinta comestible no tiene olor.

簡単に食べ物にプリントできる！

このプリントペンは本当に便利です！最初は少し不安でしたが、実際に使ってみると、食べ物に絵や文字が簡単にプリントできて、楽しいです。手軽に使えるし、デザインもシンプルで使いやすい。友達へのプレゼントにも最適だと思います。大満足です！
