

HOW TRUSTPILOT APPS HELP IMPROVE YOUR ONLINE REPUTATION

WHAT ARE TRUSTPILOT APPS?

Trustpilot apps are tools and integrations that help businesses collect reviews, manage customer feedback, and display Trustpilot ratings across websites, eCommerce stores, and marketing platforms.

They automate review invitations, monitor customer responses, and showcase authentic reviews to build trust and strengthen online reputation.

Trustpilot apps connect your business systems, like websites, email platforms, eCommerce stores, and CRM tools, to Trustpilot's review engine.
