

# Orange Coast Pneumatics

## Vacuum Regulator

Control suction with precision using our **vacuum regulator**, ensuring smooth, reliable operation and consistent performance for all your pneumatic systems.

## Industrial Peristaltic Pump

Enhance industrial fluid handling with our industrial peristaltic pump, delivering accurate, low-maintenance, and contamination-free performance every time.

## Flow Control Valves

Achieve precise air and fluid regulation with our **flow control valves**, designed for smooth operation and dependable performance across all pneumatic setups.
