

**Choose Timber Flooring in Melbourne
for Beautiful Aesthetics**

Timber flooring brings a warm, natural look to Melbourne's residential and commercial spaces. Timber flooring offers different colours, plank sizes and finishes. The right choice can suit the room, foot traffic and maintenance needs.

Plan Your Flooring Selection

- Compare timber tones with existing interior finishes
- Check room measurements before ordering materials
- Consider plank sizes against the room dimensions
- Check samples under the lighting used in the room
- Review care instructions for the selected surface
- Inspect the subfloor before arranging fitting
- Confirm door clearances and adjoining floor levels
- Check access points for flooring delivery and fitting
- Discuss the fitting method for the selected product

Timber floor installation in Melbourne should suit the flooring product and site conditions.

Before confirming your flooring order, keep these points in mind:

- Match the flooring with the intended room use
- Confirm quantities against accurate measurements
- Check the condition of the existing subfloor
- Review cleaning requirements before selecting a finish
- Allow clear access for the fitting team
- Keep product specifications for future care

Good preparation makes flooring decisions more straightforward. Contact **Clique Floors** for **timber floor installation in Melbourne**.
